Neurotoxin, filler & CE credits

06 Financing Your Education
Flexible options starting at 5.99%

— Student Voices
Graduates on their experience

07 Your Next Steps
How to enroll & begin your career

The Aesthetics Industry Is Booming.

Non-surgical cosmetic procedures are among the fastest-growing services in all of healthcare, and patient demand is outpacing the number of qualified practitioners available to meet it.

\$13.7B

In 2024 and on track growing to \$36.5B by 2032.

5,000+

Med spas operating across the US, Texas leads as the #1 state in the country.

28%

Rise in injectable treatments among 20–29 year olds since 2010, the fastest-growing client segment.

An Industry Seeking Qualified Talent

Aesthetic practices, medical spas, and dermatology offices across the country are actively hiring trained injectors and laser technicians. As demand for minimally invasive procedures surges, the supply of credentialed practitioners simply isn't keeping pace, creating exceptional opportunity for those who step up now.

Real Income. Real Flexibility.

In Dallas, Medical Aestheticians earn an average of **\$50,000–\$90,000 per year**. Certified cosmetic injectors can reach **\$150,000+ annually**. Many practitioners build thriving independent businesses within just a few years of completing their training, and the demand for trained treatment providers continues to grow.

The demand is real, the opportunity is now, and the only barrier is having the right training behind you.

Training Built Around Your Success.

Empower Health & Aesthetic Institute was founded on one conviction: elite aesthetic education should not be a luxury. Six things set us apart from every other training option.

01

Texas Workforce Commission Accredited

Empower is fully accredited, meaning your certification carries real professional weight, recognized by employers and licensing boards across Texas and beyond.

02

Hands-On Training from Day One

Every program includes live, hands-on practice with real models, giving you the clinical confidence to deliver results before you ever take a paying client.

03

Expert Instructors With Genuine Passion

Our instructors are active aesthetic practitioners who bring real clinical experience into every session. Students consistently cite instructor quality as their primary reason for recommending Empower.

04

Small Class Sizes, Personal Attention

Intentionally small cohorts mean personalized instruction, real time to ask questions, and an environment that feels less like a lecture hall and more like a mentorship.

05

Guaranteed Internship

Every student is offered an instructor supervised internship. Gain confidence and practical experience.

06

Business Training Included

Knowing how to perform a treatment is one thing. Building a profitable practice is another. Empower's curriculum includes dedicated business education, covering compensation structures, client acquisition, and industry strategy, so you graduate ready to thrive financially, not just technically.

Four LHR Levels. One Clear Path.

Empower's Laser Hair Removal program takes you from foundational knowledge through professional certification with a step-by-step progression designed to build genuine, marketable expertise.

1

FOUNDATION

Level 1, Didactic Training

Build the theoretical foundation: laser physics, skin physiology, safety protocols, treatment parameters, and regulatory requirements. This is where mastery begins.

2

HANDS-ON PRACTICUM

Level 2, 100 Treatment Practicum

The core clinical experience, 100 supervised treatments across diverse skin types and body areas. This practicum builds the muscle memory and clinical instincts that separate great technicians from good ones.

3

SENIOR LEVEL

Level 3, Senior Laser Technician

Advanced techniques, complex cases, and supervisory competencies. Level 3 prepares you to work independently and lead treatment protocols at a professional practice level.

4

PROFESSIONAL CERTIFICATION

Level 4, Professional Examination

Complete your professional certification with the comprehensive examination that validates your skills at the highest industry standard. Graduate with credentials that open doors.

COMPLETE BUNDLE AVAILABLE

Take all four laser levels *plus* Advanced Aesthetics together, the full clinical skill set for a truly versatile aesthetic career.

[VIEW PRICING →](#)

Advanced Aesthetics *Course.*

A comprehensive review of advanced aesthetic treatments, taught inside a working medical spa. The didactic portion covers anatomy and physiology of hair and skin, laser biophysics and tissue interaction, skin reactions and burns, treatment protocols, eye protection, emergency handling, pre-treatment assessment of conditions and medications, Fitzpatrick evaluation, medical considerations, state and federal regulations, hazards, and sanitation.

56

Total course hours, didactic instruction plus supervised hands-on treatment.

\$4,695

Total cost. Course PowerPoint and all materials are included in tuition.

8

Advanced modalities covered, from microneedling to laser tattoo removal.

Advanced Courses Include

Fibroblast & Microneedling

Body Contouring · CoolSculpting

Body Contouring · VelaShape

Hydrafacial

Medical Grade Chemical Peels

Dermaplane & Microdermabrasion

IPL Photofacial

Laser Tattoo Removal

Treating Real Clients

The course takes place in a state-of-the-art medical spa where students treat patients who have booked real appointments. Working in small groups, students review charts for contraindications with their instructor, then participate in, observe, and assist with treatments throughout the day.

Prerequisites

Completion of Empower Levels 1, 2, 3, 4, 5a and 5b, or equivalent training of 40 hours in comparable topics under Texas Rule 289.302 from a licensed laser training facility.

COURSE DATES

Call **214-272-0026** for information about upcoming Advanced Aesthetics dates.

STUDENTS SAY IT BEST

"The costs are very reasonable, I feel very prepared to start." Brooklyn S.

HOW IT WORKS, FOUR SIMPLE STEPS

1

Empower provides your tuition loan request

2

Complete a simple mobile-friendly application

3

Real-time decision from 20+ lenders

4

Choose your offer, get funded, and enroll

The Experience Speaks for Itself.

My experience was amazing and it made my passion for learning grow so much more. Instructors were passionate and encouraging and made sure you understood everything.

— Madeline A.

Small class size allowed for a more personal learning experience. The instructors were amazing and kept the learning interesting!

— Courtney K.

Solisa and Tim are extremely knowledgeable. I feel very prepared to start! The business information was extremely helpful.

— Brooklyn S.

The costs are very reasonable! Everyone is super nice here at Empower. I really love this place.

— Leila M.

Tim's class was impressive. I felt that both instructors are passionate and deeply knowledgeable, I really enjoyed working with them.

— Nora L.
